SAFE | COMPLIANT | ORGANISED

Spill control is a critical part of maintaining a safe and compliant workplace. Our brand-new Spill Control Station provides a secure and practical solution for housing absorbent rolls, sheets, socks, and spill kits. Built with robust materials and designed to meet today's strict environmental and safety standards, it's the perfect addition to any site where spill preparedness is essential.

BUILT TO LAST

Constructed from thick mild steel with a durable powder-coated finish.

SECURE & ORGANISED

Lockable yellow front door keeps spill products safe and dry.

ENVIRONMENTAL COMPLIANCE

Designed to meet ever-increasing environmental requirements and safety regulations.

FIRE SAFE

Reaction to Fire Classification EN 13501-1 for added workplace safety.

PRACTICAL DESIGN

Generous 1820 x 550 x 550mm size to house the full range of spill control products.
